

# Math Enrichment Distance Learning Plan Week of April 6 - 10, 2020

**Coach Weese**

**TEKS: 6.3A, 7.3B, 8.2D**

## Monday

**Freckle:** Students will complete assigned Freckle lessons. These lessons will cover a variety of essential topics in Mathematics. Each day will consist of 1-2 lessons, depending on the topic covered for the day. Each lesson consists of 10 questions. Monday's lesson will cover review of operations appropriate per grade level. Login information for [www.freckle.com](http://www.freckle.com) is below:

### Class Codes

6A: weese2

6B: weesed

7A: weesek

8A: weese8

8B: weese7

## Tuesday

Students will complete assigned Freckle Lessons. Tuesday's lessons will cover topics relating to Financial Literacy principles. These will be differentiated based on individual ability and grade level.

## Wednesday

Students will complete assigned Freckle Lessons. Wednesday's lessons will cover topics relating to Ratios and Proportions. These will be differentiated based on individual ability and grade level.

## Thursday

Students will complete assigned Freckle Lessons. Thursday's lessons will cover topics relating to numeric Expressions and Equations. These will be differentiated based on individual ability and grade level.

**Pro-Vision Academy Charter School**  
**Middle School Math Enrichment Distance Learning Plan**

**Friday**

**Current Events Writing:** Students will select a recent news article from any news source and write a paragraph answering the following questions:

What was the article about?

What was one fact presented in the article that surprised you the most and why did it surprise you?

What was something in the article that you disagreed with and why did you disagree with it?

Please submit the paragraph either as an email or as a comment on the Google Classroom Assignment tab. Be sure to include a link to the article as well.
