individual ability and grade level.

**Thursday**

**Current Events Writing:** Students will select a recent news article from any news source and write a paragraph answering the following questions:

What was the article about?

What was one fact presented in the article that surprised you the most and why did it surprise you?

What was something in the article that you disagreed with and why did you disagree with it?

Please submit the paragraph either as an email or as a comment on the Google Classroom Assignment.
