

August 3, 2022

Dear Pro-Vision Academy Community,

It is with great pleasure that I welcome you to the 2022-2023 school year!

Our team is excited to implement our new and innovative school calendar. After seeking input from our parents, students, and staff, the PVA Board of Directors approved a four (4) day instructional week. The goal is to provide an extraordinary learning environment where every student grows to his or her potential. With students off on Fridays, staff will have dedicated time to work together to build an educational program that meets the needs of all students.

Our students will attend school Monday through Thursday to receive their classroom instruction. Students will not attend school on Fridays except for planned athletic activities and special events.

On alternating Fridays, staff will attend professional learning communities and work together to provide the best learning experiences for our students. We will make good use of this time to make sure that our students are getting the very best education. To that end, our teachers and staff returned to campus on August 1<sup>st</sup> and are already engaged in getting ready for their students.

We will be ready to welcome all students back to school on Tuesday, August 9<sup>th</sup>. Principal Sanders will be communicating with you regarding the schedule for our student day. Please make sure that your contact information is current so that you do not miss out on any of her informative communications.

Our commitment to each person in the PVA community remains constant. We understand that by being a part of our school community, you are trusting us to do our very best. We are committed to serving you with excellence.

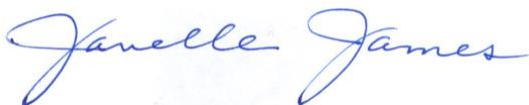

I have set three standards that our staff will focus on this year:

- Achievement: Students will receive excellent instruction so that they can learn and achieve.
- Accountability: Staff and students will hold themselves accountable for teaching and learning.
- Culture: We will build a culture that embraces growth and values and support each other.

We will be communicating with you ways that each of you can be involved in meeting these goals and making PVA the best school in Houston.

Finally, I hope to see you at our Back to School Bash on Saturday, August 6<sup>th</sup>, from 10:00-2:00. Please join us as we welcome you and begin our 2022-2023 school year. Hope to see you there!

Warmest regards,

Janelle James  
Superintendent
